

Welcome Members of the Wine & Food Society
Saturday, September 29th

Though we make 70+ wines, we have chosen the specific selection for your tasting pleasure. Take a look at our project and the New York growing regions from 3 perspectives: that of winemaker, varietal and vineyard. Plus take a sneak peek at wine in barrel.

All of the below selection are available today for purchase through both our tasting room as well as through Amagansett our partner and dedicated retailer. We offer every wine we make to this establishment only. As the key relationship, voice and pallet of the North Fork, Michael Cinque is quite crucial to the success of the Red Hook Winery.
